The game was added about 17 days ago and so far 56k people had played, liked 1453 times and didn't like 332 times. The total rating of Bonk 2 io is 8.0. If you liked this game also try Sudoku Online and Mypuppet io. Check in: Browse, Features, Inserting Comments Part Main Menu of Bonk 2 Beta, October 18, 2020. Bonk 2 is rewrite/successor to the original Bonk.io. Its existence was confirmed by Chaz himself at Bonk.io Changelog on 17 December 1945. It is being developed in HTML5 and JavaScript, instead of Flash, and some of the new features of Bonk 2 are said to be the ability to create new game modes (hinted at by Chaz) and email verification for accounts (present in Alpha). You will be able to change your password. Accounts created in Bonk.io are fully usable with the successor. Bonk.io 2 will also feature the 'Hall of Fame', which is where the fifty-nine best cards chosen by BCD and people in it will be ported into the sequel. These 99 cards were previously added to the original Bonk as Community Picks. Around the end of 2017, Chaz also secretly registered the domain bonk2.io, which is confirmed to be owned by Chaz; the information is checked in relation multiplayer.gg, bonk.io's hosting domain. Bonk 2 Alpha was released on 17 October 2005. The alpha has since been closed. Bonk 2 Beta was released on 13 October 2015. From September 2020, the beta will still be open and free to play. Link to beta: don't need Adobe Flash Player to play the beta version. Please note if you encounter errors, please report them by sending an email bugs@bonk.io. Trivia ProBond (the current owner of BCD) once said Chaz allowed him to check out a prototype version of bonk 2 skin editor. [Information unverified] Bonk 2 Beta, released On November 25, 2019, includes many new features, such as player size editing (referred to as buffing and nerfing), new game modes, and level restrictions.
